

Rollo Premium

detail of fixing side cover

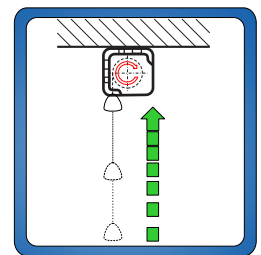

slat bar and black border

Highlights

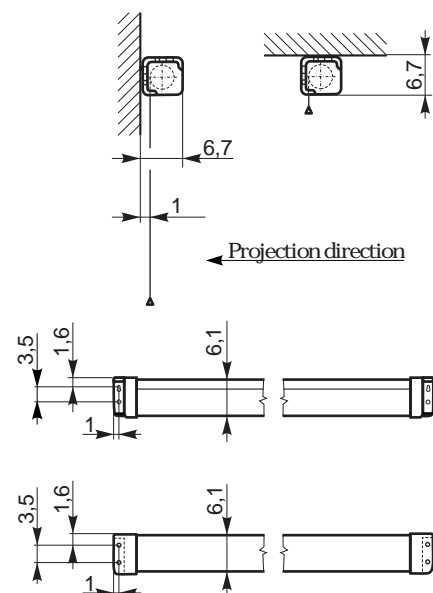

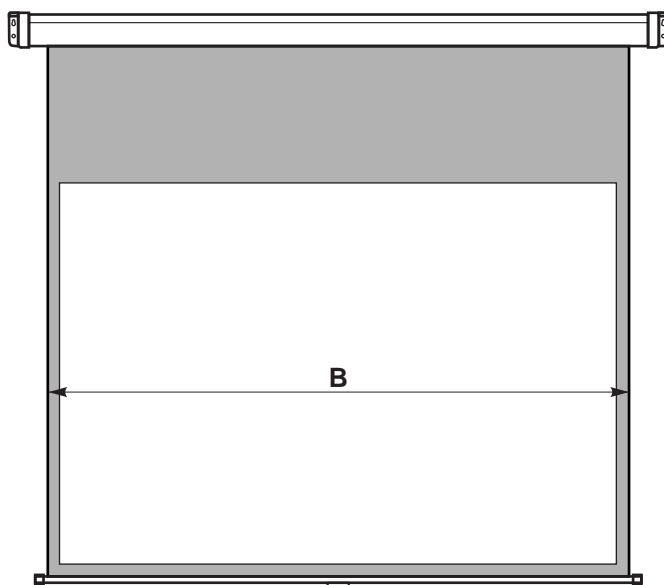

- Manually rolo screen for school and presentation purposes
- Affordable rollable screen, very good Price/Performance ratio
- Square steel casing in white colour
- Slow return effect with brake – the projection surface rolls up slowly and soundless
- Side covers are used simultaneously for fixing on wall or ceiling

Screen surface

- Type D – matt white, Fabric based material
- Format 1:1, 4:3, 16:9, 16:10 with black border

“Slow-return” effect with brake
